AmericInn Lodge and Suites Opens New Hotel in Vidalia

Chanhassen, Minn. (December 17, 2008) – The national hotel chain, AmericInn® International, LLC, announces the opening of a brand new AmericInn Lodge & Suites in Vidalia, Ga. The three-story property with white columns at the port cachere offers 54 guest rooms including suites with whirlpools and fireplaces, a relaxing pool area, complimentary hot breakfast service and high-speed Internet access.

The new AmericInn is located at 155 Mose Coleman Drive, just off Highway 280 between Lyons and Vidalia, directly behind Lowes. The 57,000 square-foot AmericInn provides guests a quiet night's sleep and relaxing facilities. The guest rooms are designed with the AmericInn SoundGuard™ construction process, which is proven to provide a quieter room experience due to masonry block filled with sound-deadening foam, thick drywall and concrete slab floors. Insulated windows, ceilings and corridor walls, solid guest room doors, thresholds, gaskets and sweeps also help minimize noise in AmericInn rooms.

The indoor, heated pool and spa are great for pool parties and relaxation year-round. Just outside, the patio overlooks a beautiful little lake. Great additions to the various types of rooms designed to fit every need including rooms with spas, balconies and units suitable for extended stays. All rooms are equipped with microwaves, refrigerators and free wireless Internet for the convenience of our guests.

“We are proud to introduce our hotel along with a newly attached restaurant, Poppy's, for guests and locals to enjoy,” said Carol Stewart, general manager of the AmericInn in Vidalia. “Our AmericInn guests can expect a quiet, peaceful stay at the Vidalia AmericInn, the only locally owned and operated hotel in the area, when they're away from home.”

The AmericInn, along with its franchise partner locations, offers visitors a welcoming place to stay to recharge during their business trips or vacations. The AmericInn hotel chain is known for its top-notch customer service and quiet room environments due to AmericInn SoundGuard™ construction.
